All campsite reservations must be made at a minimum of 24-hours in advance during normal office hours at 218-678-2325

## CAMPGROUND INFORMATION

# OUR CAMPGROUNDS...

## LOON POINT

Loon Point is situated on the shores of Clearwater Lake; the 13 rustic campsites on Loon Point are a favorite for many who like a more primitive camping experience. Hearing the call of the loon just yards away from your tent, nestled among the pines and maples, you can be sure to feel detached from the routine of everyday life in this camping area! There are sites perfect for incredible sunsets or sunrises depending on your preference.

Loon Point is one mile south of the central area of Clearwater Forest Camp. A screened pavilion with an indoor cooking area and picnic tables to seat 35 is centrally located. Two sets of recently renovated outhouses are available or you may use the bathhouse/shower facilities at Grouse Circle. There is a hand operated pump for water and each site has its own picnic table and fire pit. Two docks are available for fishing with boat access on both sides of the point. Four canoes and life jackets are provided for your enjoyment.

At each campground, there is an adjacent firewood shelter is well-stocked for your campfires each night. We request a donation for stocking the wood. All campground guests may use the swimming beach and canoes or sit-on-top kayaks at the Leaning Tree Beach. Campers may also bring your own watercraft, however they must be launched from the public access at the north side of Clearwater Lake. We have a strict pet policy - all dogs must be on leash and remain in the campground areas and not permitted at the beach area. Limited trails are available mid-week while our summer program is in session, however we are very close to Cayuna State Recreation Area which is nationally ranked as top 10 mountain bike destinations!

## GROUSE CIRCLE

Grouse Circle located close to the central camp area features 15 camp sites – five electric, and two pull-through also electrified. Each site has its own picnic table and fire pit with a nearby bathhouse with flush toilets and showers. Grouse Circle has a centrally located fire pit perfect for large group gatherings. At the edge of Grouse Circle, there are two family friendly cabins: Bear and Raccoon. These simple cabins have electricity and 12 beds each.

Also nearby is Woodchuck Cabin which is an ideal setting for solo or couple get-a-ways.

# OUR COMMUNITY

We are a family friendly facility and work hard to protect our incredible sanctuary of 1,000 plus acres of forested land and 3.5 mile shoreline on Clearwater Lake. We have over eight miles of trails onsite many available year-round for mountain biking.

During the summer months, the summer camp portion of the facility is restricted to camper and staff only.

We do not tolerate loud or party type events.
