- Good book

## Housing Descriptions:

**Leaning Tree Lodge** opened in 1996. It is designed to provide hotel type accommodations, and has 15 bedrooms, two lounges with fireplaces, a full kitchen, and a deck overlooking Clearwater Lake. It is located only 100 feet from the Dining Hall. Each bedroom is furnished with one double bed, one single bed, private vanity (with sink), and window desk. Each room shares a semi-private bathroom with one other room.

**Eagle Lodge** is a classic, three-story, stone house perched on the edge of Clearwater Lake. The building was designed and built in the 1920s to emulate the great country estates of England. The building has 9 bedrooms. Each room has its own bathroom or is adjacent to a

shared bathroom. The Great Room (living room) of Eagle Lodge, with its beautiful English windows and grand fireplace, is one of the favorite places in all of Clearwater Forest. The building also features a full kitchen and dining room.

***The Carriage House*** is a new addition for campers to choose. Four bunk style rooms make a great choice if several campers would like to stay together. Two bathrooms in the house along with a kitchen add to the comfort of this space.

Please Note: Smoking is not allowed in any of the buildings, and no alcohol consumption during Chrysalis. Thank you for your cooperation. Phone numbers: If someone is trying to reach you in case of an emergency, during office hours they can call (218) 678-2325.
